Reimbursement requests submitted within 90 days will be considered qualified and nontaxable under the accountable plan.

Active UA students can be reimbursed for UA business expenses as well. The process is the same as it is for employees but the student will be reimbursed with a check mailed to the address on file in UAccess Student.
Non-Employee Reimbursement

- Reimbursing non-employee’s such as guest speakers, employee recruitment candidates, Masters or Ph. D. candidates, requires the business department to set these individuals up as vendors.

- Information is collected from individuals to set them up for reimbursement and varies for each person depending on citizenship and visa category.

- In most situations, arrangements such as lodgings and airfare, can be made through the Business Office in advance for visitors. Contact the Business Office for information.
Reimbursing Foreign Visitors

- **NOTE:** Individuals cannot pay foreign visitors with personal funds and then request reimbursement from the University. The University will not reimburse anyone who pays a foreign visitor with his/her own funds. All requests for payments to foreign visitors must be submitted in accordance USCIS Policy and paid directly by the University to the foreign visitor or an appropriate third party vendor.

- If you are hosting a visiting foreigner, please consult with the business office prior to their arrival. It is critical to determine if the visa classification of the visitor allows for payment of any kind.

- Foreign candidates for faculty, staff and graduate or Ph.D. programs are the exception. They do not have to present identification if they have applied for a posted position with the University.
